

CABLE MARKER-STRAIGHT CUT & CHEVRON CUT

Straight Cut

Chevron Cut

■ **Applications:**

For Wire Identification in Electrical, Electronic & Auto wiring.

■ **Material:** Soft PVC

■ **Color:** Yellow body with Black marking

■ **Operating Temp:** Up to 85°C

■ **Packing:** In Spool of 1000/500/350 Pcs

Features:

- Designed to accommodate a wider range of wires, and reduce inventory of many sizes.
- Chevron cut (Inter-locking) design ensures markers stay attached to each other, doesn't allow to rotate and maintain entire Identification on the line
